In order to efficiently conduct the Summer Examination Terms, please note the provisions of the Decision of the Scientific-Academic Council, number 02-3-1055/13, 08/03/2013, as follows:

1. Students are obliged to register final and re-sit (repeated) examination **only trough ISSS (Student Information System of the University of Sarajevo)** within the announced application period. Student Affairs Office Staff will not apply/register examinations on behalf of students who may be late with application/registration.
2. Date of an examination, which is entered in the Index, **must be a date that is officially announced as the date of the exam** (regardless of when the exam ended).
3. For courses with two or more examiners, heads of departments/responsible teachers (who have access to ISSS) **are required to verify the exam and the grade of each examiner with his/her signature in the index** in addition to the ISSS assessment of the exam.
4. For students who apply for the exam, but do not attend, the ISSS will present the option **“not attend/not rated”**.
5. Since the ISSS registration of re-sit (repeated) exams is conditioned with entering the grades of the final exam in to the ISSS, heads of departments/responsible teachers are obliged to complete all exam activities (assessment and announcement of results) **IMMEDIATELY after the final exam**.

According to the Academic Calendar of the University of Sarajevo, the Fall Examination Term will be organised in the period from 1st to 15th September 2017.
